WORK EXPERIENCE

Associate UI Developer
Blu Cocoon Digital Private Limited

04/2023 - Present,   *Kolkata,India*

Achievements/Tasks

- Convert design mockups (such as PSD, Figma files) into functional and interactive web interfaces using HTML, CSS, and JavaScript.
- Ensure that web applications are responsive and adapt seamlessly across various devices and screen sizes, providing a consistent user experience.
- Utilize frontend libraries and frameworks like Angular to build complex user interfaces efficiently.
- Use version control systems like Git to collaborate with other developers and maintain a well-organized codebase.

Frontend Developer
UBK Infotech Private Limited

01/2022 - 03/2023,   *Kolkata,India*

Achievements/Tasks

- Translate design mockups and wireframes into responsive and functional web interfaces using HTML, CSS, and JavaScript.
- Utilize frontend libraries and frameworks (e.g., React) to streamline development and create dynamic user interfaces.
- Integrate frontend components with backend APIs, handling data retrieval and sending data between the user interface and server.
- Perform unit tests and integration tests to identify and fix bugs, ensuring reliable functionality and maintaining code quality.
- Use version control systems (e.g., Git) to collaborate with teammates, manage code changes, and maintain a clean and organized codebase.
